

The Clear Choice for Disposable Infection Control Products

**Cost-Effective
Lightweight
Comfortable**

Timely Medical Innovations, LLC.

Founded in 1991, TMI provides disposable, personal protection products to help healthcare organizations comply with infection control regulations. Our eye and face protection products have proven very popular among healthcare professionals for protection from splash and splatter of blood-borne pathogens and other potentially infectious materials (OPIM).

FlipEase[™]

For those needing the convenience of ready-to-wear eye protection, there is *FlipEase*[™]. *FlipEase*[™] is a pre-assembled, disposable eye shield that is flat for compact storage. The lens quickly *flips* into place when the user is ready to wear it. A compact dispenser box ensures that *FlipEase*[™] can be conveniently stored and dispensed at its point-of-use.

- Revolutionary, patent-pending design
- No assembly required
- FLAT for compact storage, FLIP to wear
- Extremely lightweight and comfortable
- Wrap-around design for front and side eye protection
- Optical-grade, anti-static, fog-resistant lens
- Available in five stylish colors
- Latex-free
- Fits comfortably with a surgical mask and over eyeglasses
- Convenient dispenser box
- CE certified

**Flat, already assembled,
and ready-to-wear!**

Just flip to wear!

It's that easy!

Resposables™

The Resposables™ includes products for eye protection (EyeShield™) and face protection (FaceShield™). They have a unique, easy-to-assemble design consisting of reusable frames and disposable replacement lenses. The frames and lenses can be ordered separately to optimize cost-effective usage.

Resposables EyeShield™

- Extremely lightweight and comfortable – weighs only 3/10 of an ounce!
- “Wrap-around” design provides both front and side eye protection
- Available in pre-assembled, ready-to-wear option or as two separate components (lens and frame)
- Optical-grade replacement lenses; available in clear, UV-tinted and amber-tinted (blue-light absorbent)
- Reusable frames available in 10 stylish colors
- Latex-free
- Fits comfortably with a surgical mask and over prescription eyewear
- Patented design
- Separately available replacement frames and lenses for maximized cost-effective replenishment
- CE certified

Resposables FaceShield™

- Lighter and more comfortable than other face shields – weighs less than 1.5 ounces!
- Designed to maximize airflow and prevent fogging
- Provides over-the-top, side and front face protection
- Disposable, optical grade, anti-static replacement shields in two sizes: ShortShield (13" wide x 5 ½" long) and FullShield (13" wide x 7" long)
- Amber (blue-light absorbent) shields also available (13" wide x 7" long)
- Reusable visors available in 10 stylish colors
- Latex-free
- Includes a clear, snap-in nosepiece for support
- Patented design
- Separately available replacement visors and lenses for maximized cost-effective replenishment
- CE certified
